EK

SINGLE SHAFT GRINDERS

SMART SOLUTIONS TO PRESERVE THE ENVIRONMENT

ENERGY SAVING
AND FAST MAINTENANCE

The line of EK grinders is ideal for those who need to process materials such as plastics and polymers, wood, rubber, paper and cardboard, and electrical cables. Their configuration and the special solutions adopted, allow significant energy savings, fast maintenance and reduced downtime with a significant increase in productivity. The machines are, in addition, equipped with a special safety system that prevents damage by blocking the machine in case non-conforming materials are introduced.
